

AMENDMENTS TO THE SPECIFICATION:

Kindly delete the extra line between the first and second paragraphs on page 8, line 8 of the disclosure.

Kindly replace the fourth paragraph on page 9 of the disclosure with the following amended paragraph, having the correct indentation in the first line of the paragraph:

_____ There is further provided in accordance with still another preferred embodiment of the present invention, a calibration checking device for use with a gas analyzer, consisting of a calibration checking unit, and an enabling mechanism for enabling operation of the gas analyzer. In accordance with further preferred embodiments of the present invention, the enabling mechanism is operative to count the number of tests performed by the gas analyzer, or to accumulate the time of operation of the gas analyzer. In accordance with another preferred embodiment of the present invention, the enabling mechanism is actuated by the use of the calibration checking unit.

Kindly delete the extra line between the second and third paragraphs on page 10, line 12 of the disclosure.
